

NON-PROFIT ASSOCIATION FOR ART AND CULTURE IN THE CITY OF PERAMA

“SHARING PERAMA – SHARING ART” in Venice

upon the invitation of the European Cultural Centre Biennial-Italy

The team of SHARING PERAMA is excited to present the project “SHARING PERAMA-SHARING ART” at the 2022 annual exhibition of the European Cultural Centre, “Personal Structures – Reflections”

The exhibition **“SHARING PERAMA–SHARING ART”** will be open to the public **from April 23rd until November 27, 2022**, at **Palazzo Mora**, Venice.

The association **SHARING PERAMA** was founded in 2017 by Barbara Polla, soon joined by a group of artists with the aim to bring art and culture to the city.

“SHARING PERAMA–SHARING ART” is based on values and utopias turned into realities: art and culture in the public space, poetry in shared environments, sustainability and humane ecology, all values represented by the participating artists, each of them in their unique aesthetic forms. **“SHARING PERAMA-SHARING ART”** highlights the diversity of Perama through the works of four artists tightly linked to the area: **Marios Fournaris** shows his photographs of Perama under an always forecast sky; the UK-based artist **Robert Montgomery** created a new light poem inspired by Perama, *A LOVE SONG...*; while the duo **Christos Panagos & Charalambos Margaritis** present the “making of” of their upcoming movie, *DREAMING PERAMA*.

The presence of Perama in the City of Doges witnesses the possibility of sometimes reversing the inequities of access to culture.

Curators: Barbara Polla (CH) & Dominique Fiat (F)
